

WED AT BEDSIDE.

Wife Will Nurse Sick Husband Back to Health.

Douglas, Ga., Oct. 5.—Cards were out for a brilliant wedding to come off last Wednesday at the Episcopal church, the contracting parties being Miss Lilla Ethel Frink and Dr. J. Albert Montgomery.

The groom-elect, however, has been quite sick for more than a week with typhoid fever. Finding the original plan impracticable, the young lady, with a few friends, went to the sick chamber, where the vows were spoken that united them for life and gave the bride the right to nurse him through his illness.

Dr. Montgomery is a cultured gentleman and skillful dentist, whose many friends wish for him a speedy recovery.

ORLANDO SMITH DEAD.

Was General Manager of the B. and O. Railroad.

Chicago, Ill., Oct. 5.—Orlando Smith, general manager of the Baltimore and Ohio railroad, and an officer during the civil war, died at 2 o'clock this morning. He had been ill for ten days.

Prominent Passengers on Lucania.

New York, Oct. 5.—The name of E. H. Clerge was on the passenger list of the steamer Lucania sailing today for Liverpool. The name of William Marconi, the inventor, was also on the Lucania's list. On the way across Mr. Marconi will make a practical test of several improvements to his older wireless apparatus in use on the Lucania.

Montgomery Planting Mill Burned.

Montgomery, Ala., Oct. 5.—Montgomery was visited last night by a fire that destroyed the D. F. Gorrie planting mill and a dwelling owned by Mr. Gorrie. The loss is about \$4,000, with \$2,500 insurance.

Jules Salomon as a Reformer.

Everybody in Florida knows the ubiquitous Jules Salomon, just now a resident of Monticello, but few have ever seen him in the role of a reformer in the recent "wet or dry" campaign in Jefferson county. Jules took a hand and addressed an audience with much brevity and no little wit. He said among other things:

"The man who asked how I, a German, could be for prohibition forgot that I am an American citizen."

"While I have been thrown with many races of people, I was trained up a democrat."

"If I say, 'Doctor, come and have a little something,' I bet he will say, 'I go you one.'"

"I cannot make a speech. I would not know where to start or to wind up with."

"I started to write a speech, but there is not enough paper in the state of Florida to write all that is true against the saloon."

"I make no speech—only words that are from my heart."

"You women are conquering in a greater battle than Dewey's at Manila bay."

"In this community no blind tiger can exist."

University of Florida.

Two events have occurred which will probably exercise a marked influence on the destiny of this institution; one was the return to the original policy of admitting only male students; the other was the recent action of Columbia county in voting "dry." As an official of the University says, "We are a solid block of dry counties now, all of our neighbors having anticipated us in the movement." This is certainly no small inducement to parents, to putting away of intoxicating liquors, for as Shakespeare says, "How oft the sight of means to do ill deeds makes ill deeds done!" They can now with increased confidence send their sons away from their sight and control under the assurance that the evil and miserable traffic is no more.—Florida Agriculturist.

Do You Want to Yawn.

Feel cold shiverings, aching in the bones, lack of energy, headache and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kan., writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic, there is nothing as good. 50c. Anti-Monopoly Drug Store, and Tidings & Co. m

VICTOR'S PARIS VISIT.

Has No Special Political Significance. Amicable Relations.

New York, Oct. 3.—King Victor Emmanuel's journey to Paris has no special political significance says a Rome dispatch to The Tribune, except that it materially demonstrates the re-establishment of good relations between France and Italy. It will have no European international consequences, it is said, for Italy has no intention to abandon the triple alliance, which has just been renewed, and which has had a beneficial effect on the maintenance of peace for more than 20 years.

It is also believed that the Mediterranean question exists because of Italy's understanding with England and the Franco-Italian convention by which Italy has given up any claim to Morocco, and has had right over Tripoli recognized.

Calculated to Remove Suspicion.

Paris, Oct. 3.—Information received here through official sources at St. Petersburg show that the explanation given of Japan's moving troops to Korea is calculated to remove suspicion concerning her intention. The number of troops moved is estimated at between 8,000 and 10,000. Japan explains that the movement is part of a plan of experimental mobilization, for the purpose of showing her ability to mobilize a considerable force in connection with the friction between Japan and China; but that it has no connection with differences between Japan and any other power. The officials refuse to comment upon the explanation.

To Improve Condition of Negroes.

New York, Oct. 3.—About a hundred delegates are attending a convention in Brooklyn, having for its object the formation of a national association to improve the conditions of the colored people. Rev. Dr. Dean R. Babitt, in addressing the convention deplored sectionalism, urged race harmony and pointed out the great dangers in the present situation of dragging the race question into politics. The object of the delegates is to organize a co-operative society and to establish such commercial and industrial enterprise as life insurance, shoe and provision stores, and anything for the benefit of the race.

Not Work of Incendiarists.

Aratoga, N. Y., Oct. 1.—A special from Racquette Lake says there is nothing to show that the burning of the Adirondack camp of John C. Freund, the New York publisher, near that place, Sept. 24, was the work of incendiarists.

Suicided to Escape Court.

Harrisburg, Oct. 1.—Dr. Wilson W. Stroup, aged 54 years, committed suicide by shooting himself today. Dr. Stroup was to have been arraigned in court this afternoon on a serious charge.

Bride Deserted by Husband.

Decatur, Ala., Sept. 30.—Mrs. Dyke Brewer, a handsome young bride of 2 months, sits at her father's house in New Decatur crying because her gay young husband thought more of another girl and left with her for Cincinnati, where he said he intended making her his wife. Brewer was a United States soldier in China and the Philippines and returned home a year ago and engaged in the saloon business here. Since then he has been leading a fast life. His bride was from one of the best families.

Mayfield Resigns Place.

Montgomery, Ala., Oct. 3.—Judge J. J. Mayfield, who was yesterday elected by the legislature as commissioner to codify the state laws, has resigned his position of judge of the county court of Tuscaloosa. Governor Jelks appointed Henry B. Foster as judge. Mr. Foster was the solicitor. C. B. Verner, who is a member of the legislature, was appointed as solicitor to succeed Foster.

Culvert Falls; Stonemason Killed. Knoxville, Tenn., Oct. 3.—The frame work supporting the arch of a stone culvert being constructed on the Knoxville, LaFollette and Jellico railroad, near here, fell yesterday afternoon. Frank Weaver, a carpenter and stonemason, of London, Ky., was instantly killed in the accident.

Continued liquidation in Wall street puzzles the financiers and has a depressing effect.

Mrs. Davis continues to improve and it is now thought she will recover. Spanish War veterans are holding a reunion at New Haven.

A severe storm has swept over the fishing boats, containing 72 men, were wrecked and sixteen of the men were drowned.

Discharged employees of the Consolidated Lake Superior company attacked the company's building in the Canadian Soo and smashed everything they could lay their hands on. Military was unable to cope with them.

Domingo Gomez, sentenced to four years' imprisonment at Manila for founding an organization which incited natives to rebellion.

Minister Beaupre telegraphs from Bogota that there is no change in the situation in Colombia regarding the canal treaty.

The two French aeronauts who made a successful trip in a balloon from Paris to England, have returned to their homes.

It's For You!

STATUE OF GOEBEL.

Will Be Unveiled on Anniversary of Governor's Death.

New York, Oct. 3.—Arthur Goebel, brother of the late Governor William Goebel, is in this city to inspect the model of a statue to be erected in memory of the assassin's victim.

The monument, which is to cost \$15,000, donated by public subscription, will stand in the Frankfort, Ky., cemetery.

The figure is 10 feet high. It will show Mr. Goebel standing by a Gothic column, his left hand slightly behind him, holding a manuscript, while the right arm falls naturally with the hand firmly clenched. The statue, with its pedestal when complete, will rise 32 feet from the base.

It is hoped to unveil the statue on the anniversary of the governor's death.

Safeguards For the Czar.

Vienna, Oct. 3.—A dispatch from Meuzistig, Styria, says the precautionary measures taken for the safety of the czar were largely extended today. The special reason for this has not transpired, but fresh detachments of gendarmes have been ordered to the hunting district, where all movements of unauthorized persons are prohibited during the times the czar and Emperor Francis Joseph are hunting. Special additional precautions have been taken to guard the spot occupied by the czar during the chamois drives.

Jockey Dies From Injuries.

St. Louis, Oct. 3.—Jockey William Shea, who was injured in an accident at Delmar track Wednesday afternoon, died at the Missouri Baptist sanitarium. Death resulted from concussion of the brain. He never regained consciousness after the accident.

Important Decision

Lower Insurance Rates to be Given to Persons who do not Drink Alcoholic Liquors

By a recent decision of one of the largest insurance companies of the United States, lower rates are to be given those persons who do not indulge in the use of any intoxicating liquors. This is just, for statistics from all sources show that the use of alcoholic drinks always predisposes to kidney troubles, and Bright's Disease, Diabetes and all other fatal kidney diseases are far more frequent among drinkers of beer and alcoholic beverages than among those who do not indulge in them.

In a recent address before the Senate of the United States, Hon. J. H. Gallinger, Senator from New Hampshire, gave the results of most thorough investigations made to ascertain the effects of beer drinking upon the health and life of individuals. He showed conclusively that almost all cases of Bright's Disease were caused by beer drinking and that other fatal kidney troubles had the same origin as a rule.

As probably a large majority of men drink beer it becomes a matter of great concern to know the best way of overcoming its effects upon the kidneys. There is nothing that will so quickly make the kidneys right in these cases as FOLEY'S KIDNEY CURE. If taken early it will cure every form of kidney trouble and even in hopeless cases it will give relief. It is an honest preparation and can be relied upon to do all that is claimed for it.
